■ Boost Your Photofinishing Business Value

HiTi T570 order station is designed to complete an exceptional photo printing solution with the best cost efficiency. Contributed by solid hardware and smart HiTi Picvite software, HiTi T570 features powerful performance, less energy consumption and great capacity for diverse photo printing applications.

■ Features

■ Compact, Usability and Free Picvite embedded

Equipped with 15-inch TFT LCD monitor, HiTi T570 provides compact and stylish exterior to take up less space and easily attract all attention on site. With the smart software, your customers can experience fast and easy photo ordering and editing by a few finger clicks. Also, the feature benefits the retailer owners to simplify the workflow of backstage management.

■ More Storage Media Support

HiTi T570 not only features quick image loading, but supports most of prevalent storage media with the built-in multiple slotted card readers and DVD combo; moreover, the installation of Bluetooth dongle into T570 allows users to transmit images from device to terminal without Lousy wires connection.

*Micro SD with SD adapter is needed for SD slot.
*M2 with MS adapter is needed for MS slot.

■ Picvite Kiosk:

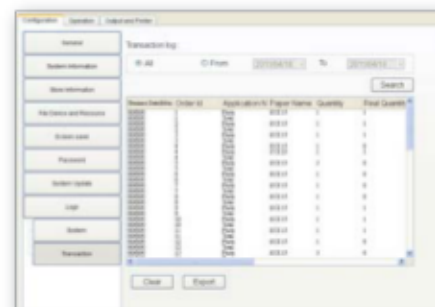

Thru the embedded kiosk software, T570 enables you manage business easily. Picvite Kiosk, front-end order and back-end management integrated, is a high efficiency system to proceed all work seamlessly.

■ Features of HiTi Picvite Kiosk:

Front-end:

- Slide touch at front-end
- Friendly UI design gets all works done with few clicks
- Hassle-free operation for image editing, previewing and ordering
- Various outputs include fun eFrame, creative collage, bookmark and pocket photos

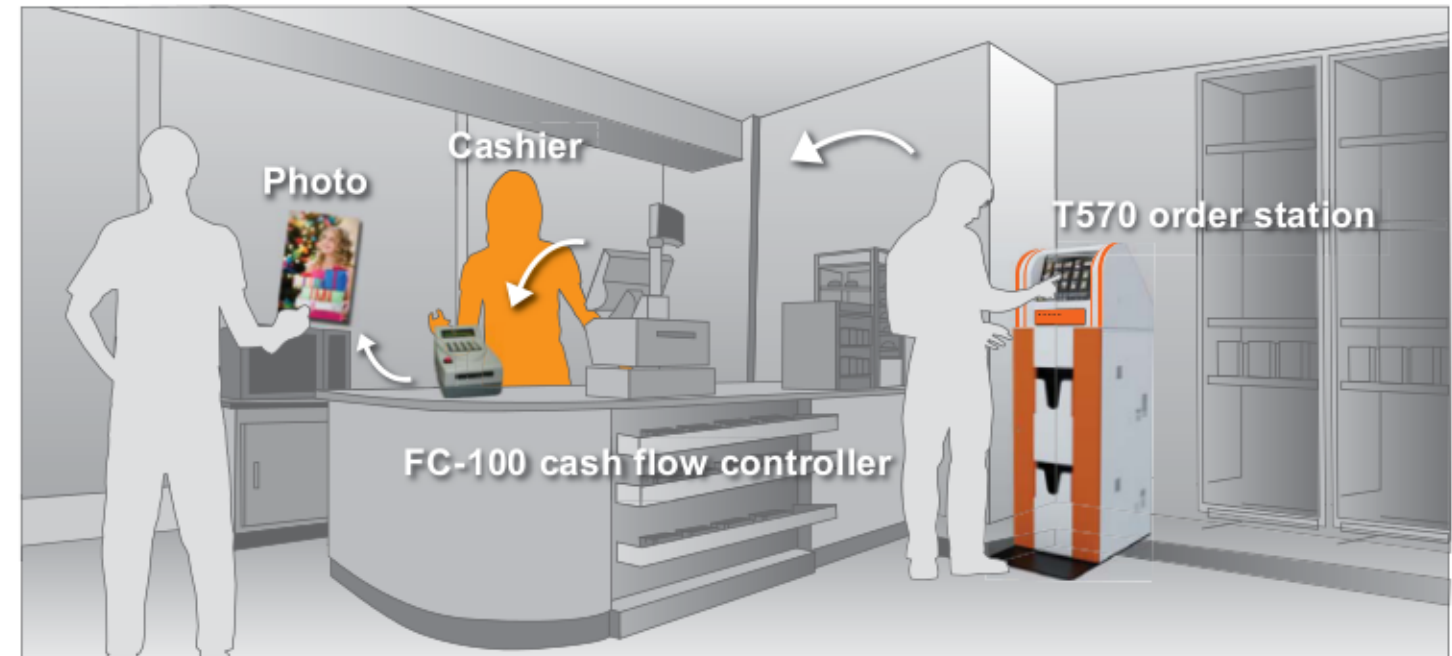

Back-end:

- Full back-end administration tools for ordering, printer setting, price setup and accounting
- Simplified workflow for daily and periodic sales data management
- Real time printer and consumables monitor
- Image adjustment tools

■ Diverse Photofinishing Solutions with T570

■ Self-service kiosk in retail (case A)

Simply integrated HiTi photo printer, cash flow controller FC-100, and HiTi T570, total workflows design covered photo editing, ordering and payment brings customers and owners more conveniences.

■ Self-service kiosk in retail (case B)

By combining HiTi T570 and one HiTi P720L printer as a micro photofinishing system, mini lab is an ideal solution for studio, SOHO, and retailer. Mini Lab occupies less space, but is still able to retain high production and profit.

■ Lab Solution:

For the demand of mass photofinishing, HiTi T570 offers amazing power and efficiency to drive up to four business photo printers* as a central control of mass photofinishing system. The system benefits retailer owners fast printing, easy management and flexible extension of printers.

* HiTi P720L High Efficiency Printer is the best recommended printer to integrate with HiTi T570, it features high capacity of 1,000 prints per roll and high speed with approx 400 prints 4"x 6" per hour.
