The picture of value.

Now you can have it all — high-quality photographic prints at a great price. The KODAK 605 Photo Printer does all that, and in just seconds. So there's no more need to compromise.

In just 18.5 seconds, the 605 Photo Printer can print a high-quality, borderless 15x20 cm (6x8-inch) glossy photograph that resists water and lasts a lifetime; it can also print 10x15 cm (4x6-inch) prints in only 11 seconds.

Efficient, the 605 Photo Printer can output up to 375 15x20 cm or 13x18 cm prints, or 750 10x15 cm prints, without operator intervention. So you get more printer uptime, and less labor downtime, making the 605 Photo Printer a powerful, cost-efficient business tool.

With hassle-free portability and "while-you-wait" printing, the 605 photo printer goes where you go... on the road, on site, or on the desktop. And the 605 Photo Printer operates faster than most similarly priced competitors' thermal and inkjet printers, so you can print more for your money.
