

Kodak Picture Kiosk G4XL II Order Station

with KODAK Picture Kiosk Plus Software 2.1

The touchpoint for great opportunities and great memories.

The KODAK Picture Kiosk G4XL II Order Station welcomes customers with a refreshed design and eye-catching user interface offering streamlined connectivity to APPLE and ANDROID OS-enabled devices, and new software that is equally intelligent and inspiring. It's the perfect fit for making powerful connections with your customers.

- Built-in Wi-Fi connectivity
- Front-facing receipt paper access for easy roll changes
- Recessed handles for greater portability
- Illuminated media slots confirm that the customer's card is being read
- Large, bright, responsive 16:9 touchscreen interface

Our software gets social.

Let's connect. It's easy with KODAK Picture Kiosk Plus Software Version 2.1. Customers can integrate pictures directly from social networks into their projects. We've also added more design flexibility and a smoother workflow, so nothing gets in the way of the creative process.

- Direct access to Facebook and INSTAGRAM sites makes it even easier to build photo books, cards, prints, and more
- Flexible template options accommodate square images, and incorporate captions and color filters
- Simple Picture Book feature instantly builds a book that customers can quickly customize and print
- Square or panoramic images are displayed as full size images and can be zoomed and cropped as desired
- Improved workflow performance enables users to select pictures, print size, quantity and make key edits from just one screen
- 19 new color effect filters give customers all the creative tools they need to be as vibrant or dramatic as they wish
